Japan Atomic Energy Agency

As of 2017
Fukushima Nuclear Accident Archive (FNAA) is a searchable website for the Internet-based information and the oral presentation information about the accident at the Fukushima Daiichi Nuclear Power Station.

JAEA Originated Papers Searching System (JOPSS) is our institutional repository. Bibliographic information of our R&D results and full-text of JAEA Reports are available. JAEA R&D Review is an annual publication that informs you of the current topics of our R&D. Web edition is also available.

JAEA Library is one of the largest nuclear information centers in Japan. JAEA Library holds 73,000 books, 2,000 journals and 780,000 technical reports in field of nuclear power, physics, chemistry and engineering etc. JAEA Library is a member of International Nuclear Library Network (INLN) of International Atomic Energy Agency (IAEA).

These services are available from our website.
